I want to thank the Camera Club and all of the monitors for their devotion to volunteering in the 6 years I was the Monitor Scheduler. The monitor volunteers made my life so much easier. You are all a great group. Bob Puttock is now the Monitor Scheduler and you should direct all monitor related info to him at: monitorbobputt@gmail.com.

Thanks again,

Jane Winkenwerder

February Speakers

Linda Gregory and Patty Ferguson, Wildlife Photographers

Feb. 23, 2017 1:30-3:00

When Linda Gregory mentioned to Camera Club friend, Patty Ferguson, that her dream was to travel to Africa, Patty said, "I'll go." They selected an Overseas Adventure Travel trip, Ultimate Africa, based on the positive feedback other members had provided. The goal was to see the animals in the wild, but the birds and cultural experiences were equally as rewarding. They visited locations in South Africa, Botswana, Zambia, and Zimbabwe. They started the trip with a Kruger pre-trip where they saw the big five in four days. It only got better from there. Come and see their photographs and have an opportunity to ask them questions about their trip. [Register Here](#)

Mounting Prints On Foam Core Video

You've seen prints mounted on Foam Core in Camera Club displays. Members have been asking for classes or instructions on how to create the lightweight and inexpensive mounts. Thanks to the Multi-Media Special Interest Group, the Camera Club now has an instructional video available that demonstrates the process.
